DETAILED ACTION

Allowable Subject Matter

1. Claims 1-9 allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1-9 are allowed because, as noted in the Appeal Brief filed October 8, 2008, none of the prior art of record discloses or suggests a compulsory operating section for operating the power supply section, wherein the power supply section is operated for a given time and an operating status of the power supply section is monitored during a normal operation of the battery, in combination with the remaining claimed features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

3. Applicant's arguments, see Appeal Brief, filed October 8, 2008, with respect to the rejections of claims 1-9 under 35 U.S.C. 103(a) have been fully considered and are persuasive. The rejections of claims 1-9 have been withdrawn.
